WARNING: The consumer products safety commission has stated that the water temperature in a spa or hot tub should not exceed 104°F. Immersion in water in excess of 104°F could be hazardous to your health. Children, aged persons, persons having medical problems, and pregnant women should consult their physicians before using the spa or a hot tub. Spas or hot tubs should not be used by persons under the influence of alcohol or by persons taking medications that cause drowsiness. International 50 HRZ models may vary in specifications and features. Models with international specification are only available through international distributors. All spas must be within compliance with owner's manual.

All sizes are approximate. Saratoga Spa & Bath Co., Inc. reserves the right to make changes in product characteristics, standard equipment supplied or availability at any time with notice.
